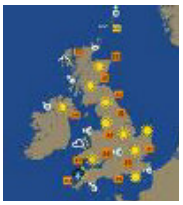
FEBRUARY 2010

We are glad you are reading our miniature magazine today
Glad also the January snow and ice has gone. Will February be a little better for us? The weather comes from heaven and not from Paul Hudson with his forecasts.



February in our happy church in Hunslet is forecast to be warm, friendly and the place to be when possible, to enjoy life enriching times together in heavenly truth

The Bible is a splendid source of encouragement it sparkles like a diamond flashing colour that will brighten the life of all who look at it.

Come for breakfast at the 'Coffee morning' Sat 6th beat the bell - will future again. On Sunday's Moments of Ministry by Duncan Bradshaw, Terry Martin, Michael Hewison, and Ian Rowley will help us appreciate the constancy of heavenly hope through our Saviour Jesus Christ. He is the Gospel. We can all trust and obey as friends and Christians.

Look out for the Church Sign
To be fixed above the main entrance it will present a warm attractive welcome for all who come to our happy events and activities.

Prayer is precious and powerful
Those who pray together usually stay together. Some stand, sit, and kneel, either way prayer is more positive than fear and worry. Hold family, friends and community in prayer each day.

Kid's Zone continues weekly with happy and interesting activities for our family and community children. KZ is an asset to Hunslet community.

Audio addition coming soon
'Heavenly Truth from Hunslet' ... ministry messages on CD and online on our website. A big project from a small local local church. Gary Hall our webmaster will advise in this exciting new project.

Bacon and grapes
Try this in the kitchen. Frying pan, Olive oil, add rashes of bacon. Add a handful of chopped onions/mushrooms & plenty of grapes. Cook as usual. Dare you do it?

Tiny baby clothes
Julie and Dorothy are knitting clothes for new born babies of family and friends and the Neo natal unit at St. James Hospital in Leeds. Would you like to join with them in this delightful enterprise?

Every blessing, Michael, Frank, Ian - Newsletter Team
